

CURRICULUM VITAE

[Revised 05/2024]

Juan López Cantalapiedra

Phone: (+34) 669 029 920

email: jlopezcant@gmail.com

Date of birth. 15.12.1982

Place of birth. Palencia, Spain

DNI. 71943392.J

 Researcher ID: L-2135-2014

 ORCID Code: 0000-0003-0913-7735
Brief Scientific CV**Supervision:** 3 PhD Thesis and 1 postdoc**Total Research Funding as PI:** 1.100,000€**Mean Impact Factor:** 10.4**Last 5 years:** 491 citations; 14 citations per citable article.**SCI papers:** 36 • 28 Q1 • 16 D1 • 9 Q1 as first author**Other publications:** 8 non SCI publications and book chapters; 55 conferences proceedings**H index:** 15**Teaching experience:** 390 hours of lectures and practices. 396 hours at private courses.**University Formation**

2011 Ph.D. in Paleontology. Universidad Complutense de Madrid.
 Thesis *Evolutionary and ecological analyses of ruminants based on phylogenetic data*
 Defence in Nov. 2011. *Cum laude*.

2005-2007 Doctoral studies: ***Advanced Studies Diploma (DEA)***
"Correlation between ghost lineages and ecological variables of ruminants (Artiodactyla, Mammalia)"
 Program: Palaeontology

2000-2005 **Master in Biological Sciences**
 Faculty of Biological Sciences
 Universidad Complutense de Madrid

Current professional situation

Position: Senior Research Fellow - Talent Attraction Program.

Organism: Universidad de Alcalá

Dpto Ciencias de la Vida
28805 Alcalá de Henares
Madrid - Spain

Research Lines

evolution, paleobiology, phylogeny, evolutionary biology, diversification, extinction, paleoecology, community ecology

Scientific and professional activities

12.2023-present **Tenured Scientist**

Institution: Spanish National Research Council
Center: National Sciences Museum

04.2018-08.2023 **Visiting Researcher**

Institution: Universidad de Alcalá de Henares
Center: Life Sciences Dpt

04.2018-04.2023 **Talent Attraction Program - Principal Researcher**

Institution: Universidad de Alcalá de Henares
Center: Life Sciences Dpt

08.2017-03.2018 **DFG Postdoctoral Contract**

Institution: German Research Foundation
Center: Museum für Naturkunde (Berlin)

05.2015-04.2017 **Humboldt Postdoctoral Fellowship**

Institution: Humboldt Foundation
Center: Museum für Naturkunde (Berlin)

12.2012-01.2014 **Postdoctoral Contract**

Institution: Consejo Superior de Investigaciones Científicas (CSIC)
Centre: Museo Nacional de Ciencias Naturales (Madrid, Spain).

2007-2011 **Predoctoral Grant**

University Personnel Formation (FPU), financed by the Spanish Ministerio de Educación y Ciencia Reference: AP2006-22 (call 31th de August de 2006)

Institution: Consejo Superior de Investigaciones Científicas (CSIC)
Centre: Museo Nacional de Ciencias Naturales (Madrid, Spain).

2007

I3P Contract, financed by the CSIC

Institution: Consejo Superior de Investigaciones Científicas (CSIC)

Centre: Museo Nacional de Ciencias Naturales (Madrid, Spain).

Supervision of Graduate students and research fellows

PhD thesis: '*Paleobiogeography, global climate changes and macroevolution in non-passerines birds: radiation, dispersion and adaptation patterns during the Cenozoic'*

Author: J.S. Pelegrin Ramírez

Universidad Complutense de Madrid
Departamento de Paleontología
Defended 14 of December of 2015

PhD thesis: 'Influence of Cenozoic climatic and tectonic events on the macroevolutionary processes of flying organisms'

Author: Sara Gamboa Jurado-Centurión

Universidad Complutense de Madrid
Departamento de Paleontología
Defended 19 of February of 2021

PhD thesis: 'Major factors controlling diversity in Cenozoic terrestrial mammals'

Author: Fernando Blanco Segovia

Humboldt Universitat, Berlín
Faculty of Life Science
Defended 1st of July of 2022

Master's thesis: 'Molecular phylogeny and divergence times in the family Papilionidae Latreille 1802 (Lepidoptera)'

Author: Álvaro Fueyo Rodríguez

Defended in 2016

Research Visits

2022.04 Museum für Naturkunde, Berlin

2022.03 Daniele Silvestro's Lab at University of Fribourg

2017.05 Museum für Naturkunde, Berlin [stay between contracts]

2015.03 Museum für Naturkunde, Berlin [stay prior to the Humboldt Postdoc]

2012.01 Mikael Fortelius Lab. University of Helsinki

- 2010.09 FAB* Lab. Department of Biological Sciences, Simon Fraser University (Burnaby, Canada) and Department of Zoology, University of British Columbia
- 2009.09 Barnosky Lab. Department of Integrative Biology, UC Berkeley (Berkeley, US)
- 2008.09 FAB* Lab. Department of Biological Sciences, Simon Fraser University (Burnaby, Canada)

Commissions of Trust

- 2017 Evaluation panel of a **JCJC Project**.
French National Research Agency (ANR).
- 2021 Evaluation panel of a **DFG Project**.
German Research Foundation (Deutsche Forschungsgemeinschaft - DFG).

Editorial Board & Reviewer

Editorial Board member at *Biology Letters*

Review Editor at *Frontiers in Ecology and Evolution*.

Recommender at *PCI Evol Biol* and *PCI Paleo*.

I have reviewed papers for *Science*, *Nature*, *Nature Ecology and Evolution*, *Nature Communications*, *Nature Earth & Environment*, *Systematic Biology*, *Journal of Biogeography*, *Global Ecology and Evolution*, *Ecography*, *Science Advances*, , *Proceedings of the Royal Society B*, *Evolution*, *Paleobiology*, *Philosophical Transactions*, *Axios*, *PLoS Biology*, *PLoS One* and *Journal of Mammalian Evolution*.

Publications

Journals of Science Citation Index (SCI)

Enciso (La Rioja, Spain). [Oral presentation]

Cantalapiedra JL, Mooers AØ, DeMiguel D, Azanza B, Hernández Fernández M (2009)

Phylogeny of extant ruminants indicates the influence of global climatic changes and dietary adaptations on diversification rates. *69th Annual Meeting of the Society of Vertebrate Paleontology*. Bristol (UK).

Pérez González S, **Cantalapiedra JL**, Alcalde GM, Hernández Fernández M (2008)

Análisis de los patrones de coloración en bóvidos (Ruminantia, Artiodactyla): aplicaciones en la paleorreconstruction de *Tethytragus* Azanza & Morales, 1994 [Analizing the bovid colour patterns (Ruminantia, Artiodactyla): applications to the paleoreconstruction of *Tethytragus*]. *VII Encontro de Jovens Investigadores em Paleontologia*. Torres Vedras (Portugal).

Cantalapiedra JL, Alcalde GM, DeMiguel D, Azanza B, Hernández Fernández M (2008)

Ecological correlates of ghost lineales in ruminants. *68th Annual Meeting of the Society of Vertebrate Paleontology*. Cleveland , Ohio (US).

I+D Projects

Title: Trends in Evolution [TrEvol]

Research Project CNS2023-144573, 199.944 € financed by the *Ministerio de Ciencia e Innovación*

Organism: Museo nacional de Ciencias Naturales [CSIC]

Time frame: 2024-2026

Principal researcher: Juan López Cantalapiedra

Title: The ecological context of early vertebrate evolution: contributions from virtual palaeontology (EcoVertEvo)

Research Project PID2022-138832NA-100, 100.000 € financed by the *Ministerio de Ciencia e Innovación*

Organism: Universidad de Valencia

Time frame: 2023-2025

Principal researcher: Humberto Ferrón Jiménez

Title: Análisis paleoecológico y paleoclimático multiproxy del registro fósil ibérico y sudamericano durante el Cenozoico final: un enfoque inter-hemisferio

Research Project PID2022-138275NB-I00, 168.750 € financed by the *Ministerio de Ciencia e Innovación*

Organism: Universidad Complutense de Madrid

Time frame: 2023-2026

Principal researcher: Laura Domingo Martínez

Title: The deep time drivers of biodiversity at the local, regional and global scales

Research Project, 175.000 € financed by the *Fundação de Amparo à Pesquisa do Estado de São Paulo (FAPESP)*, Brazil

Organism: Universidad de Sao Paulo

Time frame: 2022-2027

Principal researcher: Tiago Quental

Title: Taxonomic and phenotypic diversification of Cenozoic terrestrial large herbivores

Research Project 2017-T1/AMB-5298, 440.000€ financed by the *Talent Attraction Program* (Madrid Government) and the Universidad de Alcalá de Henares

Organism: Universidad de Alcalá de Henares

Time frame: 2018-2023

Hired personnel: 1 postdoc researcher

Principal researcher: Juan López Cantalapiedra

Title: Comparación multidisciplinar inter-hemisferio: estudio biogeoquímico y paleobiológico combinado del registro fósil español y argentino en el Cenozoico final.

Research Project PGC2018-094955-A-I00, 120,000€ financed by the *Ministerio de Ciencia e Innovación*

Organism: Universidad Complutense

Time frame: 2019-2022

Principal researcher: Laura Domingo Martínez

Title: Historia evolutiva de las plantas y bienestar humano en un mundo cambiante; evaluando los fundamentos teóricos con evidencias empíricas y nuevas herramientas filogenética.

Research Project CM/JIN/2019-005, 39,660.40 € financed by the Madrid Government.

Organism: Universidad de Alcalá de Henares

Time frame: 2020-2021

Principal researcher: Rafael Molina Venegas

Title: Major factors controlling diversity in Cenozoic terrestrial herbivores.

Research Project, 284,850 € financed by the German Research Foundation (DFG)

Organism: Museum für Naturkunde (Berlin)

Time frame: 2017-2020

Hired personnel: 1 PhD student

Principal researcher: Juan López Cantalapiedra (Museum für Naturkunde)

Title: Unveiling the ecological response of mammals to past environmental change using exhaustive phylogenetic information.

Research Project, 83,000€ financed by the Humboldt Foundation

Organism: Museum für Naturkunde (Berlin)

Time frame: 2015-2017

Principal researcher: Faysal Bibi & Juan López Cantalapiedra (Museum für Naturkunde)

Title: Global change and mammalian diversity. A test of the influence of climate shifts based on the fossil record.

Research Project CGL 2010-19116/BOS, financed by Spanish Ministerio de Educación y Ciencia

Organism: Departamento de Paleobiología, Museo Nacional de Ciencias Naturales (Consejo Superior de Investigaciones Científicas)

Time frame: 2011-2014

Principal researcher: María Teresa Alberdi (CSIC)

Title: Palaeontology, Taphonomy and Geomorphology of the pseudokarstic fossil sites from Cerro de los Batallones (upper Miocene, Madrid Basin)

Research Project CGL 2008-05813-C02-01/BTE, financed by Spanish Ministerio de Ciencia e Innovación

Organism: Departamento de Paleobiología, Museo Nacional de Ciencias Naturales (Consejo Superior de Investigaciones Científicas)

Time frame: 2008-2011

Principal researcher: J. Morales Romero (CSIC)

Title: Specific agreement for the collaboration between the Puerta del Atlántico Consortium and the Museo Nacional de Ciencias Naturales (CSIC) for the research, protection, and popularization of the paleontological patrimony of the municipality of Móstoles

Research Project, financed by Puerta del Atlántico Consortium

Organism: Departamento de Paleobiología, Museo Nacional de Ciencias Naturales (Consejo Superior de Investigaciones Científicas)

Time frame: 2008

Principal researcher: J. Morales Romero (CSIC)

Title: Influence of global climatic changes on the predator-prey interactions in mammalian communities during the Neogene-Quaternary of the Iberian Peninsula, Eastern Africa and the Pampean Region

Research Project CGL 2006-01773/BTE, financed by the Spanish Ministerio de Educación y Ciencia

Organism: Departamento de Paleontología, Facultad de Ciencias Geológicas (Universidad Complutense de Madrid)

Time frame: 2006-2009

Principal researcher: M. Hernández Fernández (UCM)

Title: Palaeoclimatology, palaecology and evolution of the mammalian faunas from the Upper Neogene of the Iberian Peninsula and Western Africa: analysis on the influence of global climatic shifts in mammalian biodiversity

Research Project RyC 2005-CT-08, financed by the Spanish Ministerio de Educación y Ciencia

Organism: Departamento de Paleontología, Facultad de Ciencias Geológicas (Universidad Complutense de Madrid)

Time frame: 2005-2007

Principal researcher: M. Hernández Fernández (UCM)

Title: *Geology and Paleontology of the continental upper Miocene fossil sites from the pseudokarstic system of Cerro de los Batallones, Madrid Basin*

Research Project MCYT-CGL 2005- 03900/BTE, financed by the Spanish Ministerio de Educación y Ciencia

Organism: Departamento de Paleobiología, Museo Nacional de Ciencias Naturales (Consejo Superior de Investigaciones Científicas)

Time frame: 2005-2008

Principal researcher: J. Morales Romero (CSIC)

Title: *Ecostratigraphic correlation and comparative analysis of the climatic changes in the Iberian Peninsula and East Africa during the Plio-Pleistocene*

Research Project PR1/06-14470-B, financed by Universidad Complutense de Madrid

Organism: Departamento de Paleontología, Facultad de Ciencias Geológicas (Universidad Complutense de Madrid)

Time frame: 2006

Principal researcher: M. Hernández Fernández (UCM)

Title: *The continental upper Miocene fossil sites system from Cerro de los Batallones, Madrid, Spain: geological, taphonomical and palaeobiological study of an exceptional case of fossil vertebrates accumulation*

Research Project BTE2002-00410, financed by the Spanish Ministerio de Ciencia y Tecnología

Organism: Departamento de Paleobiología, Museo Nacional de Ciencias Naturales (Consejo Superior de Investigaciones Científicas)

Time frame: 2002-2005

Principal researcher: J. Morales Romero (CSIC)

Teaching

Since 2018, I teach *Paleoecology, Macroevolution and Diversification* (Environmental Sciences degree) and *Ecology* (Biology degree) at the Universidad de Alcalá. **296 hours**

2013-2022 *The use of phylogenies in the study of macroevolution.*
 Transmitting Science. Hostalets de Pierola. [total of **400 hours**]

2009-2011. Seminar “Phylogenetic character reconstruction” for the course

“Methods in the study of Evolutionary Biology”. Master de Biología Evolutiva, Universidad Complutense de Madrid (UCM)

Seminars

2021 - Simon Fraser University, Canada
 2021 - Universidad Rey Juan Carlos, Spain
 2020 - Bristol University, Spain
 2020 - Universidad Rey Juan Carlos, Spain
 2019 - Universidad de Alcalá, Spain
 2019 - Sao Paulo University, Brasil

Field work in paleontological excavations

2005 - 2013 Instructor in the excavations of the Upper Miocene (Vallesian) fossil site of Cerro de los Batallones. Dir: Dr. Jorge Morales Romero.
 National Museum of Natural Sciences.

2007 - 2013 Instructor in the excavations of the Middle Miocene (Aragonian) fossil site of Somosaguas, Pozuelo de Alarcón (Madrid).
 Dir: Dra. Nieves López Martínez
 Universidad Complutense de Madrid

2007 Participation in the excavations of the fossil site of Toril-3A (Daroca, Zaragoza). Dir: Dra. Beatriz Azanza Asensio
 Universidad de Zaragoza

Direction of paleontological excavations

2008 - 2010, 2013 Co-director of the excavations of the Middle Miocene (Aragonian) fossil site of Somosaguas, Pozuelo de Alarcón (Madrid).
 Universidad Complutense de Madrid.

Software knowledge

Windows (XP,Vista...)	SPSS
Mac OSX	Statgraphics
Microsoft Word	Mesquite
Microsoft Power Point	MacClade
Microsoft Excel	MrBayes
Pages	BayesTraits
Keynote	R (packages: paleotree, ape, diversitree, LASER, TreePar...)

InDesign	Tree Edit
Illustrator	Lagrange
Photoshop	TNT
Aperture	Endnote

I also have expertise in the application of modern computational methods for the analysis of large palaeontological datasets (e.g. the NOW Database, MIOMAP and the Paleobiology Database).

Languages

	Read	Write	Speak
Spanish	native	native	native
English	correct	correct	correct
French	well	medium	well
German	basic	basic	basic

Certificate in Advanced English (CAE) Score: 75/100

Other merits

- 2003 - 2004 Collaboration with the Vertebrates Museum of the Department of Zoology and Physical Anthropology. Fac. of Biological Sciences, Universidad Complutense de Madrid.
- 2004 Volunteered for ASVO project in Playa Caletas for the Conservation of the sea turtles (Caletas Beach, Guanacaste, Costa Rica)
- 2005 Editing the pamphlet *Entomological Guide of the Alfonso XIII Royal Botanic Garden* (Universidad Complutense de Madrid).
- 2006 Teacher Training Course (CAP); 250 of teaching hours in high school (Madrid).
